

2019 Retreat with Fr. Seán ÓLaoire

Sunday, March 17 – Wednesday, March 20, 2019
The Bishop's Ranch, 5297 Westside Road, Healdsburg, CA 95448

“Deepening Spirituality: Plumbing the Depths of One’s Own Personal Cosmology

About 2,400 years ago, Socrates said, “The unexamined life is not worth living.” Some 400 years later, Jesus added his own version of that (excuse my edits!) when he said, “If the householder (consciousness) knew at what time the thief (the unconscious shadow) would break in and steal (do something stupid!), he would not go to sleep (lapse into mindless behavior.)”

Most of us are asleep most of the time, driven by an unconsciously acquired (thanks to “education”) and an unconsciously accessed (knee-jerk reactions) cosmology (philosophy of life.) If you think that our world is “going to hell in a hand basket”, isn’t it time for you to choose an alternative destination and a better mode of transport?

This retreat/workshop will afford you the time and the companions to undertake that odyssey and create your own GPS.
